**The Paragon Plastic Surgery & Med-Spa**

1101 Matlock Road, Mansfield • 817-473-2120 • markbisharamd.com

If you are looking to tighten the skin on your neck, under your chin or around the eyebrow, but surgery is too extreme of an option for you, The Paragon Plastic Surgery & Med-spa has a prospective solution: microfocused Ultrasound (called Ultherapy) combined with resurfacing. At his picturesque Mansfield office, Dr. Mark Bishara offers this combination to create a fresh, vibrant new you.

Ultherapy is the only non-invasive procedure that is FDA-cleared to lift and tighten the skin naturally – without surgery or downtime – in addition to improving the appearance of lines and wrinkles on the

foundational layer typically addressed in cosmetic surgery – without cutting or disrupting the surface of the skin. In addition to the ultrasound therapy, which delivers its collagen-boosting treatment, Ultherapy incorporates ultrasound imaging, which allows practitioners to see the layers of tissue they are treating, ensuring the treatment energy is delivered to where it will be most beneficial.

Resurfacing is one of the most popular anti-aging procedures that improves the appearance of fine lines, wrinkles, scars and various other texture concerns. Minimal downtime is expected.

Ever the innovative vanguards, Dr. Mark Bishara and his staff at The Paragon Plastic Surgery & Med-Spa offer a wide range of procedures for patients hoping to improve the way they look and feel. Collectively, The Paragon team provide cosmetic and corrective services for both women and men, including: breast augmentation; tummy tucks; liposuction; face, neck and eyelid lifts; rhinoplasty; robot hair restoration, Botox and fillers.

An integral part of the Paragon team is the ensemble of three robots – “junior partners,” Dr. Bishara calls them – that are utilized whenever patients seek his services for the revolutionary ARTAS hair restoration process.

Dr. Bishara is one of fewer than 220 Diplomats of the American Board of Hair Restoration Surgeons worldwide and was the first doctor in Texas to acquire the ARTAS system. With eight years of robotic experience, he has performed more procedures with them than anyone in the world – more than 1.2 million grafts transplanted.

PSK has an unmatched track record for crunching numbers, and is also known for building outstanding customer relationships.

PSK is a partner in handling and problem-solving any financial issue and celebrating all successes. This “relationship-first” mentality allows for top-notch service delivery – all with a friendly smile.

PSK provides value to clients through success and development of the PSK team, while maintaining important core values. PSK strives to preserve a unique culture, even as a growing business. This unique culture includes encouraging work/life balance, maintaining a family-like

and small firm feeling, promoting teamwork and open communication while still attracting and retaining the best employees and clients in the area.

For more than 20 years, Payroll Partners, an affiliate of PSK, has serviced hundreds of companies with consistent and accurate payroll, time and attendance needs. The unique relationship between PSK and Payroll Partners is built on the shared mission to serve clients with unparalleled attention and precision.

#### PSK LLP & Arlington

The firm has a long history of being involved in Arlington. Whether it is serving on the board of the Arlington Life Shelter or the Higher Education Servicing Corporation, being involved with the Greater Arlington Chamber of Commerce, volunteering with Mission Arlington or participating in the Arlington Holiday Lights Parade, the team at PSK cares deeply about its hometown.

Additionally, PSK has a long history with UTA, both as alumni and with a unique internship program. Internships are typically twelve to eighteen months long. Interns are given tailored responsibilities and explore the varied services offered by the firm. It may come as no surprise that 22 of the current 51 employees are UTA alumni. Go, Mavs!

PSK is able to distinguish itself from other accounting firms in the Dallas-Fort Worth Metroplex with its approach to services and the nature of the workplace. The firm’s Fun House Team plans regular holiday gatherings, special events like PSK

Your resource for the best hearing health care solutions

## Hearing louder is not hearing better!

Why turn up the volume on the problem when you can get a personalized solution!

Hearing loss is the 3rd most common health problem in the United States amongst older Americans. The growing list of consequences related to untreated hearing loss includes: hospitalization and fatigue, falls, anxiety, social isolation, depression, cognitive decline and dementia.

So what are your options to hear the best you can?

- Personal Sound Amplification Products (PSAP's)
- Hearing Aids

While it can be challenging to see the differences in the actual devices themselves, your ears will hear the difference!

PSAP's do not address the core hearing loss issues. They are also

not professionally programmed or fit. PSAP's are basically designed to amplify all sounds.

Hearing aids are a Class 1 medical device. They are programmed and fit after a professional evaluation and consultation based on your personal and unique hearing needs. Hearing aids are designed to help you hear and understand the best you can.

Better hearing health care helps people reconnect with family and friends in a variety of settings, and many studies have proven that better hearing health care reduces the social isolation, depression and anxiety that hearing loss can cause.

If it has been more than three years since your last hearing test, or if you are noticing a decline in your ability to hear well or understand clearly what is being said, call Kos/Danchak Audiology & Hearing Aids at (817) 277-7039 for a complimentary hearing consultation and listening demonstration.

# Don Davis Auto Group

Celebrating 40 years of taking care of area clients and the automobiles they drive

**D**on Davis Auto Group has been named an *Arlington Today* All Star as the readers' choice for favorite auto dealership for the past four years. That suggests – strongly – that the team at Don Davis not only takes care of its customers' automobile needs, but it also takes care of its customers.

There are a plethora of reasons for the company's popularity. For starters, Don Davis Auto Group has been in Arlington for four decades – this year is the 40th anniversary of offering quality cars of many makes and models, including Dodge, Chrysler, Jeep, Ram, Ford, Lincoln and Nissan.

In addition, the dealership has long been recognized for its commitment to excellent customer service – regardless of the vehicle that buyers drive out of the lot. In addition to selling new cars, Don Davis Auto Group offers a wide selection of pre-owned vehicles at each of its three Arlington locations. Plus, Don Davis has a collision center to help customers with repairs after an accident.

In the four decades Don Davis Auto Group has been serving the Arlington area, clients have come from communities like Fort Worth, Dallas, Grand Prairie, Irving, Mansfield, Euless, Cleburne and Bedford, as well as throughout the state of Texas. Its service department caters to customers from North Richland Hills, Burleson, Grapevine, Flower Mound and Duncanville. The central location makes Don Davis Auto group convenient to everyone in the Dallas Fort Worth Metroplex.

Another “uniquely Don Davis Auto Group” feature is the company's annual event – to meet the needs of local would-be car buyers, the company holds a yearly “Garage Sale” that has been a dealership staple for the past three decades. It is the company's one and only promotional event of the year.

As if all that pertains to automobiles weren't enough, the dealership is also active in the community as a long-time supporter of WFAA Channel 8's popular Santa's Helpers Toy Drive. It holds an annual “Drive-through” each year, which has contributed thousands of toys distributed through Mission Arlington during Christmas season.

To give you one final idea why Don Davis Auto Group is the readers' – and the car buyers' – choice for an automobile dealership, consider the glowing reviews that routinely are submitted by satisfied customers, such as this one:

“My sales guy was not only extremely helpful, but he truly seemed to be as excited about my Jeep as I was. Whenever a question came up that he couldn't answer, there was no shortage of help from any one of the other guys in the showroom. The experience then extended to the

parts and service department where they beat the prices for products and service elsewhere, and covered the parts under my Mopar warranty.”

**D**errick Kinney, Private Wealth Advisor and owner of Derrick Kinney & Associates, is considered the “Advisor of Choice” when it comes to retirement. There are countless financial advisors, brokers and insurance agents people can choose from. What sets Derrick Kinney & Associates apart is that the firm specializes in retirement income planning.

“We custom-tailor portfolios to manage our client’s wealth. And we walk alongside our clients during each of the key life decisions they may face,” Kinney says.

Many of the firms’ clients have worked hard raising their families and saving money all their lives, whether they worked for or owned a company. “We help turn their wealth into a retirement income that lasts for their lifetime and beyond,” he says. “We serve many clients who are ‘suddenly single.’ Whether through death or divorce, our team walks alongside these women and men to help them move forward to enjoy a comfortable retirement. We also serve many clients that have experienced ‘sudden wealth.’

people looking to retire or to  
grow their personal wealth

Whether an inheritance, a settlement or lottery winnings, we are there to help them protect and preserve their newfound wealth. We want them to enjoy their family and the retirement experiences most meaningful to them.”

Kinney says the relationships he and his team have built over the years far exceed the typical advisor/client

experience. “Ted, a longtime client, asked me to put my hand on his chest,” he recalls. “He wanted me to feel his pacemaker. If it ever stopped, he wanted my promise that we would be there for his wife, Mary. I assured him we would. A few years ago, I received a call early Saturday morning. It was Mary, heartbroken, saying that Ted had suddenly passed. As promised, we walked alongside Mary through this difficult life transition. Her children thank us often for honoring our promise to Ted and being there when Mary needed us the most.”

If you’re up early drinking your coffee and you see a face on TV that looks familiar, it’s likely that of Derrick Kinney. Whether it’s local or national media, he’s regularly called on to clarify financial matters. “I enjoy helping make complex financial topics easy to understand for people,” he says. “The most popular question I’m asked: ‘How do I not run out of money in retirement?’ Each person we visit with has their own set of financial puzzle pieces. Our role is to work with each client to fit their pieces together, discover which pieces are missing and help them solve the puzzle to create their ideal retirement.”

As a result, he and the company have been named the All Star Financial Advisor each of the past three years in Arlington Today’s Readers’ Choice poll. Still, there’s another accomplishment that makes him proudest. “Personally, to be called Dad by our four children and to be married to my beautiful wife, Kara – those are the best accolades of all!” he says. “To reflect on the many families we have positively impacted for generations to come is truly rewarding.”

In 1989, three dogs, two guys, and one \$0.59 biscuit cutter created the world's first bakery for dogs. Its revolutionary idea – 100-percent natural, wholesome, human-quality ingredients – gave pet owners a new option in healthy feeding.

What was radical then is what's right now.

Bred from a love of dogs, the concept of involving a pet pooch in the actual purchasing experience seemed like a natural combination of dog and owner lifestyle. After all, owners know

team supports the company's bakery owners' goals by sharing years of knowledge and experience in retail, consumer packaged goods and manufacturing to help keep each bakery on the path of continued success.

At the Arlington location that opened last year, Kim Harmon heads up a seven-person staff – as well as her five bakery dogs: Max, Cash, Tink, Beltre and Bunnie. The 2,000 square-foot bakery located at Parkway Central specializes in all-natural, fresh-baked dog treats and personalized celebration cakes, as well as premium dog food, toys, collars and accessories.

It also features many Three Dog Bakery favorites loyal fans have enjoyed over the years. Its popular bakery case treats are sure to wow canine customers, including Pupcakes®, Celebration Cakes, Peanut Mutter Cookies, Lickety Split, Drooly Dream Bars and more.

The shop also carries prepackaged Three Dog Bakery items, including its top sellers, Classic Crèmes and Wafer Cookies.

Three Dog Bakery has a simple philosophy: "We've been making tails wag since 1989, and today our mission remains the same: feed the souls of dogs and the people that love them."

"I have had such great feedback from customers," Harmon says. "But this was our very first review: 'They have a great selection of treats and chews for my pups. The employees were also extremely kind to them and really went out of their way to make sure they felt special.'"

**A** name familiar to DFW residents, Precision Collision Center is a family-owned-and-operated auto body shop focused on providing quality work and lasting customer satisfaction at an unbeatable rate. Here's how the company came to be ...

In mid-1996 Allen Kianipey was involved in a small-scale accident and was disappointed with his experience at a franchised auto body shop. After two weeks, he received the vehicle with mismatched paint and poor fitment. Allen thought he could do the work better at a lower rate, and in response he began his own business in Southern

California. Later in 2007, due to several factors, including long commute times and difficulty in hiring experienced technicians, he moved his venture into the rapidly growing business city of Arlington. Under the direction of Allen, a set of rules was established, with an aim to deliver the best customer satisfaction with the highest-quality of repair work. As shown through his Google reviews **averaging nearly 5 stars**, clients can always expect to receive prompt and courteous attention from each member of his staff. This includes their commitment to keeping customers fully informed on the work being performed on the customers vehicle. To assure the vehicle is restored to its pre-accident condition, Precision Collision Center exclusively uses well regulated, up-to-date equipment and premium quality paint and refinishing products. Under Allen's direction, Precision Collision Center has grown exponentially, and has been nominated for the 2018 Greater Arlington Chamber of Commerce Outstanding For-Profit Small Business of the Year, recognized at the 2018 North Texas "Salute to Small Business Awards."

Services at Precision Collision Center include, but are not limited to:

- Major or Minor Collision Repair
- Major or Minor Paint Work
- Frame Work / Straightening
- Custom Paint Work
- Classic Car Restoration
- Superior Refinish and Color Matching
- Major or Minor Hail Damage, Paintless Minor Hail Damage Removal

- Spot Painting and Chip Repair
- Minor Mechanical Work Including A / C and Brake Services
- Complete Auto Detailing

Precision Collision Center has a simple mission: "We are dedicated to the client who appreciates the value of the ultimate in quality and convenience. We want your accident to be as painless as possible. We want to take time with each client to answer all questions and find out how we might help you best."

The town has recently hired Matt Shaffstall as its Economic Development Coordinator. Matt has a proven background in economic development with more than a decade of experience working with small communities to strengthen their business

One of the first steps the town is taking is to relaunch the “Shop Pantego” program. The program is designed to spotlight the fact that Pantego has one of the premier shopping destinations in the Arlington metro. The “Shop Pantego” program will help businesses and customers alike get to know the various businesses in Pantego and upcoming promotional events.

There is also a new business-to-business networking group called “Pantego Business Over Breakfast.” This is a chance for local businesses in the West Arlington area to come together to network, get to know each other, and explore collaborative opportunities for their businesses. The group meets every Wednesday at 8:05 a.m. at JR’s Grill at 2406 W. Park Row, Pantego, TX 76103. **J**ohn Parker has made his mark locally in two important industries, as the founder of both the Texas Insurance Agency Mansfield branch and the accounting firm Parker & Richardson.

Texas Insurance Agency traces its start back to 1959 in east Texas. The agency has gone through many changes over the years and has grown to include several locations in the north Texas area. Texas Insurance Agency is locally owned and operated.

“People often ask why choose a local Independent Agency?” says Parker. “Our response is we represent many different insurance companies, so we can compare coverage and price to give you the best possible value. Simply put ... we work for our clients. We also live and work in the same communities as our insured clients, and, as such, we are always available for a face-to-face meeting.”

Texas Insurance Agency provides auto, homeowners, commercial and life insurance. It is associated with reputable insurers, including Allstate, Hartford, Nationwide, Progressive, Safeco and Travelers. “These insurance companies allow us to offer a wide range of quality insurance products that are competitively priced,” Parker says.

The company has added the ability for prospective clients to get actual real time quotes directly from its website, [texasins.net](http://texasins.net). “This allows the insured to reach out to us 24 hours a day, seven days a week and 365 days a year,” Parker says. “The client information, as well as the policy pricing, is uploaded to us. We contact the client within 24 hours to confirm and update the information. This has been a valuable tool for prospective insureds because it gives them an idea of what their insurance costs will be.”

Parker & Richardson, a certified public accountant firm, opened in 2004, but its origination dates back to the solo CPA practice Parker started in 1995. Over the years the practice has evolved into a boutique CPA practice that specializes in catering to the distinct needs of business owners.

Whether you need tax planning, tax return preparation, strategic or transactional consulting, small business consulting, business valuation, state and local tax assistance, or a full complement of other individualized services, Parker & Richardson has the people

and capabilities to respond effectively and efficiently to your needs. “As both entrepreneurs and business owners, we understand the issues associated with owning and operating a business,” Parker says. “This experience, coupled with our tax expertise, allows us to be as tax efficient as possible when assisting clients.”

Parker & Richardson provides tax planning and tax preparation, as well as accounting and consulting. “We have several clients that have us handle all facets of their accounting needs,” Parker says, noting that the firm’s staff strives to provide great service and always do what is best for the client. “These principles have been emphasized from day one and continue to be our focus on a daily basis.”

**A**mong local business success stories, few are as compelling as the chronicles of RJ Construction – and its venerable owner, Robert Jordan. A company that was founded in 2007 with one employee, Jordan, working from the back of a truck now has more than 40 fulltime crew members – and lots of trucks. The boss, who started as a roofer to make ends meet in high school, now not only roofs, but builds and remodels and plumbs – with plenty of the proverbial “more” thrown in the mix, as well.

**RJ Construction**  
2640 Corzine Drive • 817-412-9899 • rj-construction.com

In essence, any part of a home that needs to be created, fixed or enhanced falls in Jordan and Company’s domain. Kitchens, bedrooms, bathrooms ... check. Flooring, gutters, decks or fences ... just say when you need it done. Window replacement, electrical work, painting ... RJ Construction has got you covered.

“Our goal,” says Jordan, “is to provide a wide array of roofing and construction services to meet any need that may arise, and to become your contractor of choice for all of your homeowner needs.”

One stormy night two springs ago showed just how serious Jordan is about meeting both objectives. By meeting a very special need, Jordan and his team instantly assured themselves that not just one, but several customers would be choosing his company again. The job started with a phone call – at 2 a.m. The desperate voice on the other end of the line exclaimed that a tree had fallen through the roof and into the bedroom and that rain was pouring into the house.

Jordan said not to worry; he was on it. He immediately sent out a group text alert to his team that it was time to go to work, and by the end of that very long day, he and his weather warriors had cut 11 trees out of the homes of some very grateful customers, 10 of whom he earned as he made his way through the area to see who else needed assistance.

The heavy lifting part of that task goes with the job. The yearning to do it for his neighbors is one of the things that sets Jordan – and his company – apart.

“This is my community – I was born and raised in Arlington – and my clients are like family,” Jordan says.

“When I started this business I made a promise that I would do whatever it takes to make sure I took care of my customers – even if it’s not easy to do.”

In any given month this spring, RJ Construction will be working on 75 to 150 jobs – some big, some not so. Most of his business comes via word of mouth. He also markets on his Facebook page ([facebook.com/RJConstructionDFW](https://facebook.com/RJConstructionDFW)), where his company’s craftsmanship and artistry is on display in the Photos section for all the area to see. One part of that work – a hailstorm repair for which he used prestigious Ludowici tile (imported in 1924) to replace a damaged roof – earned him a 2016 Golden Hammer Award for “Outstanding Residential Roofing Project.” The company also recently earned the Presidents Club award as the top roofer in the DFW Metroplex from GAF, the the largest shingle manufacturer in the world. Only .1% of contractors receive this honor.

As proud as he is of the awards, something else stands out about the jobs that earned them: “I got to do something to help someone in my hometown have a better home. That’s why we do this.”

## Great Skin Spa & Facial Club: Excellent Neighborhood Day Spa!

**G**reat Skin is a high-quality, affordable, professional neighborhood-based Day Spa, with a full range of skin and body care products and services to offer more convenience than large shopping centers and give a hometown feel of a small business.

The products, services, treatment results and customer service is impeccable! They truly offer “yester-year” type service. Great Skin far outweighs large, special occasion type spas with hefty prices and impersonal services. Instead, it’s beautiful, quaint, with exceptional services, prices and the latest technology for skin and body care treatments.

Prices for facials range from \$39 (for an express facial) and up, as well as very specialized skin treatments like Rhonda Allison Chemical Peels, non-surgical skin tightening, facial contouring, muscle lifting, Microdermabrasion, LED, wrinkle, acne and dark spot reduction, instant slimming body treatments, full face and body waxing and home-use skin care systems.

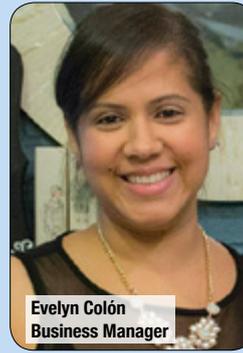

It also offers services for teens to teach them how to take care of their skin.

Great Skin has been in Arlington more than 10 years, providing excellent services, serving as an employer and supporter of community events and causes and is a five-time winner of Arlington Today’s All Star award as the top provider of skin care in the area.

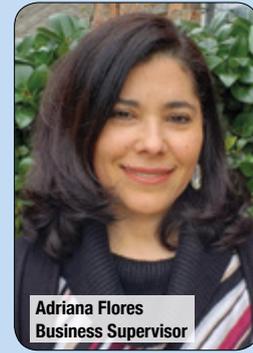

Owner Brenda Cureton-Smith is advocate helping young people develop business skills for finding a cure for Alzheimer’s – she just developed a product paying homage to her mother, Mattie, who was afflicted with the disease: “Hemp Healing Cream” for skin and Body care that was just rolled out.

Great Skin features free consultations for skin and body care to meet the specific needs of each client. The company offers and accepts Care Credit. Cureton-Smith also started franchise locations with a turnkey package to “own your own Great Skin Location!”

Great Skin is open from 9 a.m. - 7 p.m. on Monday-Friday and 9 a.m. - 6 p.m. on Saturday. It is closed on Sunday.

## TPMC Billing Services LLC: Promoting a better billing experience for healthcare providers and patients

**T**PMCBilling Services LLC is located in downtown Arlington next to the city hall. TPMC was born in February 2018 to promote a better medical billing experience for providers and their patients.

With more than 16 years of medical billing experience and as medical office management within staff, TPMC knows the value of good communication between the office staff and the billing

department. We know each practice’s needs are different. We know your patients are the most important thing in your practice.

TPMC will work with each individual provider to customize a billing plan for each practice and find where it can improve. We will work with each patient to provide a better experience when managing their medical bill.

As a member of AAPC we offer nationwide medical billing services and revenue cycle solutions for medical billing.

We work with you and your staff as closely as an in-house biller and save you money by eliminating in-house medical billing employee expenses and lowering the cost of forms, supplies, and reducing your telephone expenses.

**Specialties-Family Medicine, Internal Medicine, Pediatrics, Primary Care, Urgent Care and More.**

- Competitive rates. We can assure better rates from your current billing company
- We will use providers’ EMR for providers control
- Daily claims submission and posting
- Practice revenue reports monthly
- HIPAA compliance
- Physician’s credentialing
- Monthly aging report (including less than 30 days)
- Collection services
- Monthly patient statements
- Outstanding claims are tracked daily until processed and totally paid.

## Primrose Schools: Providing outstanding early education and child care experiences

**P**rimrose Schools® is a national system of accredited private preschools that provides a premier early education and child care experience for children and families. The schools' franchise owners, leadership teams and school staff partner with parents to help build the right foundation for future learning and in life.

Primrose School of N.E. Green Oaks is owned and operated by Lynne Groff and her parents, Jim and Isobel Morton. A native of Scotland, Lynne has been married to Douglas Groff for 21 years. They have two children: Alexander, 17, and Katherine, 15, both of whom attended Primrose School of N.E. Green Oaks from the infant room to Private Kindergarten and subsequently the Explorers Program.

Lynne is a Licensed Master Level Social Worker (LMSW) – Licensed by the Texas State Board of Social Work Examiners. She has worked with children for over 25 years. “My goal as an owner is that every child has the opportunity to shine and reach their full potential and that every child has a safe place to go.”

Primrose School of Southwest Arlington is owned and operated by Sherman & Jaime Hatch. As a family with both parents working outside the home, Sherman and his wife were unable to find a quality child care facility with an educational environment that met the standards they were looking for.

Soon thereafter they were introduced to Primrose Schools and discovered the emphasis they have in education, health, and the well-being of preschool age children.

“Realizing this would be a great fit for our family, as well as others, we opened our first Primrose in Mansfield in 2001,” Jaime says. “In 2007 we opened our second Primrose located in Grand Prairie, and opened our third location in Arlington (Primrose School of Southwest Arlington) in February of 2017.”

## Audiology Experts:

This local practice was founded on a quest to establish relationships with patients that can last a lifetime

**B**etter hearing and a better quality of life is possible with the help of local audiologists! At Audiology Experts, we pride ourselves on developing long-term relationships with our patients. The relationships, founded on unmatched personal service, begin the moment you walk through our doors – and last for years to come.

Dr. Lisa B. Fell and Dr. Kristin Robbins have had parallel education and careers and are graduates of Texas Tech University Health Sciences Center, receiving both their Bachelors and Masters degrees from TTU. Each audiologist earned her Doctorate in Audiology (Au.D.) from Arizona School of Health Sciences. Both worked in a medical ENT clinic for several years before co-founding Audiology Experts in 2008. They both have two busy children, and the flexibility of the private audiology practice has allowed them to be active mothers while still maintaining fulfilling careers.

Both audiologists are board certified in Audiology and are members of Texas Academy of Audiology, American Academy of Audiology, American Speech Language-Pathology Association and Academy of Doctors of Audiology.

Dr. Lisa Fell lives in Hurst with her husband, 14-year-old daughter, 11-year-old son and two Australian Shepherds. Her hobbies include seeing live music concerts, traveling, hiking, Camp Gladiator fitness, eating Mexican food and being with her family!

Dr. Kristin Robbins lives in Aledo with her husband, 15-year-old son, 12-year-old daughter and a rescue dog, Thumper. She enjoys teaching a multi-generational class of women at her church, attending activities her kids are involved in (theater and athletics are in high demand), neighborhood get-togethers with friends, and a yearly family (building) mission trip that has taken them from New Mexico to Wyoming – and she's looking forward to visiting Missouri again this summer.

**C & W Antiques:** This unique showroom offers rare and unusual items from all around the world

For more than two decades, C & W Antiques has been the north Texas area's premier resource for unique, rare and interesting furniture and accessories not found at most stores stateside. This year, Co-proprietors Jim Carpenter and Patrick Walsh are celebrating their 10th anniversary at their Grand Prairie location.

C & W Antiques specializes in 17th, 18th and 19th century English and French furniture. It also has an exquisite collection of original fine art by Italian, French, Russian, English and US artists, and its Faberge Collection is the largest in the state of Texas and perhaps the world.

At their flagship showroom Carpenter and Walsh create an inviting ambiance with fragrant Market candles, music and vignettes of old-world rooms that stimulate the senses. Walsh says C & W Antiques' philosophy is to make each customer feel welcome.

"With our passion for antiques, we welcome each customer and provide a friendly atmosphere for their unique shopping experience," he says. "We treat each customer like family."

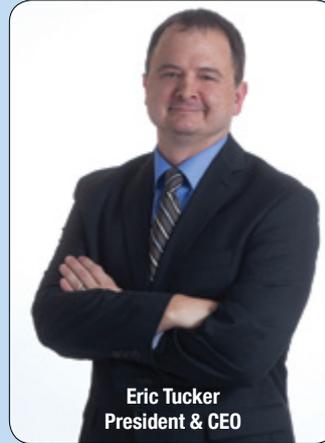

With Spring right around the corner, the store is filled with Easter decorations by notable designers, including Mark Roberts, as well as breathtaking florals. This festive setting serves as an excellent backdrop for small events and gatherings, which have become commonplace at C & W. To book a "Sip and Shop" event, please call 817-637-7637.

In addition to in-store service, Carpenter and Walsh offer consultations at a customer's home by appointment.

The show room is open Saturday and Sunday from 11 a.m. to 7 p.m. and Monday through Friday by appointment.

Helping to identify community needs through the **YMCA**

Eric Tucker, the Arlington Mansfield President & CEO, is always excited to share how the YMCA positively changes the lives of those in our community. He often starts his community presentations with "This year the YMCA celebrates 175 years serving local communities worldwide! We've

**Eric Tucker**  
President & CEO

been around so long because we continually respond to a simple question," Eric stated. "How can the YMCA serve our community?"

The YMCA asked that question last August and received a huge response. Over 2,300 residents, members, youth and local leaders participated in focus groups, town halls and electronic surveys. "We were thrilled to see so many people help us determine how we can serve the community," Tucker said. "Those needs provided the framework in

development of the YMCA's new strategic plan."

**Most Pressing Needs for Youth/Teens:**

- Availability of non-athletic programs that draw out youth skills, creativity, and confidence
- Youth exit high school with college or career readiness skills
- Availability of academic support structures for youth outside of school (tutoring, mentoring, etc.)

**Most Pressing Needs for Adults:**

- Availability of learning opportunities for adults
- Adults are supported in practicing positive habits that include physical activity and healthy eating
- Availability of services that engage senior populations

The YMCA has already stepped up to address many of these needs, including:

- Opening of a new YMCA location in Mansfield
- Offering non-athletic programs for youth, including art, music, archery and bowling
- Providing free drop-in childcare every Saturday evening of the year
- Availability of free education classes and family nights
- Evidence-based programs, including Healthy Weight & Your Child classes
- New summer camp offerings, including horseback riding and teen travel programs

"Our YMCA movement is 22 million members strong in the United States and growing." Eric said. "We served over 100,000 members of our own community last year and raised over \$400,000 in financial assistance to ensure that no child, adult, senior or family is ever turned away for an inability to pay."

Please join us at our Annual Meeting at the Sheraton Arlington Hotel on April 24 at 11:30 to celebrate our wonderful accomplishments.

## Anything Goes: A fun shopping experience is guaranteed here

**A**nthing Goes has become a go-to place for North Texas shoppers looking for that “special something” for everyone from infants to adults. Fun and unique products line the shelves and are hand selected by owner Mary Davis, whose keen eye brings the fun into shopping from visit to visit.

Anything Goes owner Mary Davis and husband Doug

Anything Goes started out as a dream and has far exceeded Mary’s expectations. Beginning with 1,200 square feet, Anything Goes has gone through two expansions and now occupies over 3,600 square feet of showroom space. The growth has

been exciting and is attracting customers from all over the Metroplex.

Though Anything Goes is closed on Sunday and Monday, you can shop pretty much any time the lights are on. Although Mary’s responsibilities include the overall operations of the store, her main philosophy is to keep the customer first and ensure that each person that comes to Anything Goes has a great shopping experience.

## The Greater Arlington Chamber of Commerce: Helping members achieve business growth through a vast variety of programs/projects

**T**he Greater Arlington Chamber of Commerce helps members achieve business growth through business retention, expansion assistance, procurement, international trade opportunities and value-added services. The Chamber’s programs are designed to help businesses achieve a higher level of growth and improve business capacity.

Because of Arlington’s geographic size, various regions of the community face different challenges and provide unique opportunities for doing business in the community. The Chamber supports neighborhood business councils in their focus on particular issues that facilitate an improved business climate. The Chamber also promotes community redevelopment by supporting the Downtown Arlington Management Corporation. Further support is provided by the City of Arlington in helping to address issues and concerns related to public safety and city services to improve the business environment in the community.

The Chamber receives its direction from advisory councils representing small and large businesses and from key stakeholders who facilitate business growth. Business & Community Development Initiatives include:

- Business Retention and Expansion: Identify existing businesses that have the potential to grow through additional capital investment and/or increased employment opportunities.
- International Trade Initiatives: Provide instruction on pursuing trade and business-to-business opportunities in the global market. Chamber members may obtain Certificates of Origin for a minimal fee per request.
- Procurement Assistance Initiative: Help local small businesses and service providers sell to larger corporations.
- Affinity Partners & Member Discount Programs: Exclusive discount and affinity programs for Chamber members.
- Small Business Awards & Luncheon: Honors the region’s small business leaders.

**Stephanie Foster  
Gilbert:** A devoted  
practitioner of family law

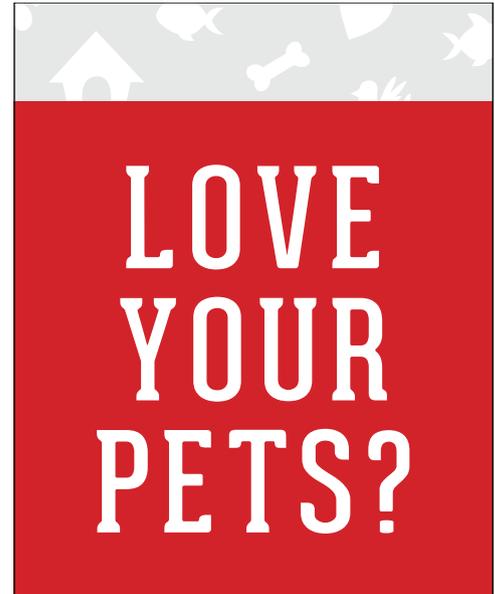

From the day in 1992 when Stephanie Foster Gilbert started her legal firm, The Law Offices of Stephanie A. Foster, P.C., she has been devoted to the practice of family law.

The firm concentrates in family legal issues, including divorce, modifications, custody, child support, spousal support, visitation, enforcement of custody/support, paternity and step-parent adoption.

Stephanie says her dream of having her own law practice was nurtured as a child, as she grew up with a father, John Foster, who was an attorney. "When I was a child," she recalls, "I would beg him to take me to work with him at his law firm every summer."

The longtime Arlington resident and graduate of Martin High School says her professional philosophy is "divorce with dignity." Consequently, she has taken many special measures to serve her clients in the best manner possible. "I was one of the first attorneys trained in collaborative law, in 2008," she says. "Collaborative Law is a way to divorce with dignity with no court and no war."

She believes the collaborative law process is a powerful way to generate creative solutions in family law disputes while minimizing financial and emotional damage to the couple and their children, all the while promoting post-divorce psychological and financial health of the restructured family.

DOCTOR SPOTLIGHT

**Dr. Jessica Brown**

Originally from Houston, Dr. Jessica Brown attended Baylor University where she received a Bachelor of Arts in Sociology. She completed both medical school and her OB/ Gyn residency training at University of Texas at Southwestern. When she was in medical school, Dr. Brown met her husband, Paul, who is a financial advisor in the DFW Metroplex. In her spare time, Dr. Brown enjoys traveling, learning about different cultures, and trying new cuisines.

An honest and friendly physician, Dr. Brown cares about the doctor-patient relationship. She enjoys educating her patients so that they can take ownership of their health. She's passionate about the obstetrics and gynecology field, especially the areas of family planning, holistic health, adolescent and pediatric gynecology, and minimally invasive surgery.

Dr. Brown is accepting new patients at both the North and South office locations of Women's Health Services.
