

HOME SWEET! HOME

With windows that tap natural light in practically every room, this house in the Oak Lake Addition offers true comfort

This month, we explore a charming, pristine home for sale in the exclusive Oak Lake Addition – where there’s rarely a home for sale.

Listed by Brandee Kelley Group/ Keller Williams Realty, the house is located in a neighborhood that offers unique amenities such as a private lake with a bridge to an island for fishing and a walking trail surrounding the lake. Oak Lake Addition residents enjoy a community

clubhouse with swimming pool and nearby tennis courts. In addition, the Oak Lake Homeowner’s Association offers common area maintenance and weekly front yard maintenance.

This abode is a meticulously maintained, one-owner home that was built in 1992. It features 2,106 square feet with four bedrooms and two baths.

Providing plenty of natural light, the large interior windows offer views of the beautifully landscaped

backyard and the side patio off of the living area, as well as the charming sun porch adjacent to the kitchen.

The kitchen provides ample storage with ceiling-to-floor oak cabinets, as well as beautiful, sturdy granite countertops.

The Oak Lake Addition neighborhood is districted for Wood Elementary, Boles Junior High, and Martin High School in Arlington Independent School District.
