The past few months have represented one of the busier - and more rewarding - periods in the life of Dr. Kenyon Godwin, founder and owner of Active Family Wellness Center, a premier holistic practice that helps local residents acquire and maintain good health.

In addition to running his practice, which has two Arlington locations, Dr. Godwin last month was introduced as the new Chairman of the Greater Arlington Chamber of Commerce. That means that he now is not only entrusted with enhancing his patients' well being, but he will also have his hand on the pulse of the local commercial community, as well.

"I'm very excited about this opportunity," Dr. Godwin says of his new Chamber assignment. "When I first joined the Chamber, I just wanted to add value and never imagined I would emerge as chairman."

When Dr. Godwin says he is excited, that's no exaggeration. Rare is the moment that he doesn't have a smile on his face or pep in his step. He says that's simply because he feels called to do all the positive things he does.

"I'm inspired by the God I serve, I am made in His image, and I'm sure it's a positive one," he says. "I love people, and there's so much negativity in the world, we should be intentional on being grateful and spreading love whenever we can."

On the job, his fervor extends beyond fixing "what ails you." He embraces a holistic approach to help each patient take positive steps toward a healthy lifestyle and focuses on enhancing not just the body, but also the mind and soul.

The Facebook pages for both offices feature almost-daily posts that share tips to help you attain/maintain a healthier you, from recipes for delicious and nutritious foods to researched reports on common health challenges and the best ways to deal with them. On his personal page, Dr. Godwin routinely shares stories rooted in faith in action.

So, in essence, his patients - and his many friends in the community - get the best of Dr. Godwin every time they converge, even virtually.

As for the practice, the team at both Active Family Wellness Center offices addresses your body's structure and supports your lifestyle with useful advice and a range of additional services. AFWC offers an effective lifestyle modification program utilizing Functional Medicine. This program incorporates the best of wellness: Chiropractic, Nutrition, Detox, Comprehensive labs, Supplements, Fitness, Mentorship and Meditation / Prayer.

Dr. Godwin is also certified in the Webster Technique for pregnant women.

His devotion to his patients has made him a successful health care practitioner - prior to his recent big Chamber news, his practice was honored as the organization's "Veteran-owned Small Business of the Year."

And the Chamber isn't the only entity to pay tribute to the good doctor. He has been named an *Arlington*

*Today Readers' Choice All Star* nine straight years, including this one.

For Dr. Godwin, the accolades aren't what is important; serving patients is always his focus.

"We believe people should have the freedom to pursue their purpose without limitations!" Dr. Godwin says. "Our catalyzing statement is to make Arlington the healthiest city in the state of Texas."

# Prince Lebanese Grill

While the food fare at Prince Lebanese Grill has been drawing rave reviews for years, there's another element that has earned the popular eatery devotion that borders on reverence. Prince is an Arlington institution in practically every sense of the word.

That's no surprise, given the restaurant's very strong roots. Prince Lebanese Grill was founded by Francis "Prince" Kobty, and though he passed away a little over a year ago, his legacy lives on - in the delicious food, in the unmatched service, and, especially, in the commitment to making sure the community "Prince" loved so much feels like it is part of his extended family.

The restaurant is now managed by his immediate family: his wife Amira, his son Aziz and his daughter Elizabeth. Collectively, they simply "do it right."

For instance, Aziz is not just a restaurant manager; he is an ambassador for all things Prince Lebanese Grill. Recently, that meant preparing Lebanese cuisine for fans of the Dallas Cowboys and Texas Rangers at their respective Arlington Stadiums. It also meant working with the Arlington ISD to help hone high school "chefs to be" at the restaurant in real-world food preparation situations. One of those students, Preston Nguyen, earlier this year became the youngest World Food Champion in history, besting master chefs from around the globe to earn the top prize.

Aziz, Amira and Elizabeth routinely hold special events at the restaurant for local groups hoping to raise funds for their organizations or for projects.

Prince Lebanese Grill even recently participated in the "Best Taco in Arlington" contest. Its Lebanese version of the taco found such favor that the delicacy was featured in the *Fort Worth Star-Telegram*.

The next big project at Prince, in conjunction with the Travel & Sports Legacy Foundation, is set for Nov. 15, when the restaurant will pay tribute to its founder by announcing the winner of the Francis Kobty Hospitality Scholarship. The Culinary Arts Scholarship will go to homegrown talent from Arlington Independent School District and Mansfield Independent School District. Details about the event are available via the QR tag in the upper left corner.

Last year, the vastly popular eatery was featured in *Texas Monthly* magazine, Aziz was chosen to serve as the celebrity chef for the Dallas Cowboys' home opener at AT&T Stadium, and the Kobty family was inducted

into the Arlington Highlands Rotary Club as honorary members.

And those were just September 2021 highlights.

All of what the Kobty family does - really, what the Kobty family is - is a testament to the magical bond between the restaurant and the community. So, not unexpectedly, patrons enthusiastically embrace Amira, Aziz, Elizabeth and

This Facebook photo posted shortly before Francis Kobty passed away, epitomizes what Prince Lebanese Grill is all about: family.

"Prince's" memory.

In August, Prince Lebanese Grill earned its fourth straight *Arlington Today* readers' choice All Star honor. It has been earning - and maintaining - the business of hungry Texans since 1989, providing a veritable home away from home for virtually every one who dines there.

"Our vision at Prince is top-quality food, reasonable prices and a family environment," Aziz says. "Prince Lebanese Grill's philosophy is to take care of others. From the customers to the staff we strive to treat everyone like family."

# Kos/Danchak Audiology & Hearing Aids

A seven-time Arlington Today Readers Choice All Star winner and an Editor's Choice winner the past two years, Kos/Danchak Audiology & Hearing Aids owner Dr. Melissa Danchak has been virtually unmatched in achieving the honorable mission of "helping people hear better" - and she has been doing that for more than three and a half decades.

That kind of longevity underscores just how consistently important Dr. Danchak and the stellar team at Kos/Danchak Audiology & Hearing Aids has been for its patients and to the community since the practice was founded in 1985.

"There are not many audiology practices in the North Texas area that can say they've been helping people hear better for over 35 years," says Dr. Danchak. "Our entire staff believes that the hearing health care experience is about making folks feel confident in their decision to address their hearing health care needs first and foremost. We believe in providing an exceptional experience for those with hearing health care needs. An experience that helps people feel confident in their decision to hear the best they can! We believe our patients feel confident in the services we provide - they know we are walking with them on their journey to better hearing!"

Dr. Danchak began working at Kos/Danchak Audiology in 1997 and purchased the practice five years later. She has a passion for providing unparalleled care and service for her patients, and their gratitude for her investment in their lives is on full display in the hundreds of online reviews they have been sharing for years.

While her formal education gave her the book

knowledge needed to become an audiologist, Dr. Danchak certainly believes that learning is a lifelong process.

"Like any small business, we experience change, adversity, success, and a whole host of other 'stuff' on a regular basis," she says. "We try to learn, every day. We evaluate how we help people, and we try to make the hearing health care experience better for the people that we meet with each day. Our goal is for each person to have a better experience with us every time they visit. That is reflected in the reviews that we have online!"

Dr. Danchak and her team live by a fairly simple (professional) philosophy: Do our absolute best to serve our patients and fellow employees to the best of our ability; continue to learn and grow, every day, so that we can accomplish that in the best way possible!

"We make a difference in people's lives," she says. "We see it on their faces when they hear and understand clearly what a loved one is saying. We see it when a spouse or child experiences the

feeling of being able to communicate again without raising their voice or repeating themselves. Patients and their families share with us that their investment in better hearing, and us, has changed their lives. It's not always easy for people to admit that they have hearing loss or that they need hearing aids. We know we make a difference in people's lives because so many of the new patients we meet each day are referrals from current patients that we have been helping for years! It doesn't get any better than that."

# The Family Law Firm of Donna J. Smiedt

**D**J. Smiedt, principal attorney at The Family Law Firm of Donna J. Smiedt, has been a Board Certified Family Law Attorney since 1991. She leads a team of divorce attorneys that approaches the complexities of Texas law with the help of over 30 years of experience.

Donna graduated from SMU Law School at the age of 21, becoming one of the youngest women to graduate at a time when less than a quarter of practicing lawyers were women. She opened her family law practice as a Solo Practitioner immediately after graduation.

"Since that time," she says, "I have devoted my practice entirely to the area of Family Law, becoming Board Certified by the Texas Board of Specialization."

As one of the state's premier family attorneys, she assists clients suffering divorce and the break up of their families, always seeking to make this process as least devastating as possible. Among the many accolades in her career: Twice selected by her peers as a Superlawyer (an honor reserved for 5% of practicing lawyers in Texas) ... Voted by clients as an Avvo "Top Rated Lawyer" for many years, including 2020 and 2021 most recently ... Voted by peers as a Top Attorney in Fort Worth every year for over a decade. She also was named an All Star by *Arlington Today* readers in each of the past three years.

As an outspoken advocate for the best interest of the children going through high-conflict family law custody battles, Donna and her Non-Equity Partner, Desaray R. Muma, are both specially trained as Collaborative Lawyers, a form of family law litigation structured toward assisting parties in negotiating their own family agreements in private meetings removed from the courthouse application of judicial rulings and or jury decisions that can be arbitrary and unreliable. However, if all alternate dispute resolution methods fail, Donna has built her reputation as a specialist in the area of high-conflict custody litigation, especially with

the explosion of Parental Alienation cases filed against the other parent peppered with false abuse claims in order to obtain an "upper hand" in custody or divorce proceedings.

Not easy cases for the novice litigator, these intense and damaging allegations must be met with the rare but requisite expertise and experience Donna has in this burgeoning area of the law. This specialization coupled with her equally extensive knowledge of separate tracing and characterization cases, as well as representing wealthy clients with large complex estates or closely held family businesses, make her

the first choice for many clients needing this level of superlative representation in the field of family law.

Donna is very active in the community, serving on the board of the Arlington Animal Shelter, as President of the Arlington Bar Association and of the Arlington Business and Professional Women's Association.

She says it has been gratifying to grow her career in such a positive community.

"It has been inspiring to watch the metamorphosis of Arlington from a

small town to a vibrant, cosmopolitan city," she says. "I attribute the success of this city to the dedicated public servants who have labored ceaselessly to attain this goal. But what is truly amazing about Arlington, notwithstanding the amazing stature that the city has now accomplished, is that it has never forgotten that it started as a small town between Dallas and Fort Worth."

## Shroyer Oral Surgery & Dental Implants

**D**r. John V. Shroyer, D.D.S., P.A., has earned a reputation as one of the foremost oral surgeons in North Texas. Named a "Superdentist" 10 times by *Texas Monthly* magazine, he also recently was selected the top Oral Surgeon in the *Arlington Today* Readers' Choice poll after it was discovered that some readers had inadvertently voted for a candidate who wasn't an oral surgeon, making Dr. Shroyer the clear readers' favorite.

Following nine years of training in oral and maxillofacial surgery, he established Shroyer Oral Surgery & Dental Implants, where he has served patients in the Arlington area for 34 years. Along with Dr. Bryan Moore, Dr. Shroyer provides services that includes extraction of teeth including wisdom teeth, dental implant placement, facial bone grafting, surgical treatment of traumatic facial injuries, correction of skeletal jaw deformities, management of benign and malignant lesions of the mouth and jaws and anesthesia.

"The nine years of specialized, intensive learning makes oral and maxillofacial surgeons the most skilled dental professional for the placement of dental implants to allow for the replacement of non-restorable or missing

teeth," Dr. Shroyer says. "Over my 34 years of practice, I have placed over 24,000 dental implants, which have provided thousands of patients with much-needed reconstruction and replacement of missing teeth."

Dr. Shroyer says his practice philosophy has been and always will be to provide patients with excellence in oral surgical care: "We strive to treat each and every patient exactly how I expect to be treated in a health care office." To that end, for patients undergoing dental implant tooth replacement, the practice offers a life-time guarantee on the implants that are placed in the office.

"I feel that God blessed me with the abilities to provide oral surgical care for our patients," he says.

"Certainly, the most gratifying aspect of my career in oral and maxillofacial surgery is to repair, rebuild and restore the defects and deficiencies of patients who have lost teeth, had facial injuries and had jaw deformities which prevent them from enjoying a normal lifestyle. Fun products are hand-selected by owner Mary Davis, whose keen eye brings the fun into shopping from visit to visit.

Anything Goes started out as a dream and has far exceeded Mary's expectations. Beginning with 1,200 square feet, Anything Goes has gone through two expansions and now occupies more than 3,600 square feet of showroom space.

Davis says, "The growth has been exciting and is attracting customers from all over the Metroplex."

Mary's philosophy is to keep the customer first and ensure that each person who comes to Anything Goes has a great shopping experience.

Though Anything Goes is closed on Sunday and Monday, you can shop

pretty much any time the lights are on. Although Mary's responsibilities are focused on the overall operations of the store, what she does prior to opening and after closing - and, certainly, during business hours - helps distinguish Anything Goes as a store like no other.

Traveling to different markets such as Las Vegas, New York and Atlanta allows her to bring diverse and unique products from across the country.

"I work hard to find our customers new products so they have the diversity in the gifts that they're giving, and there's always something new and fresh for them on the shelves," Mary says. "Anything Goes prides itself in the level of customer service that we provide and making everyone feel at home the minute they walk in the door."
