Mercury Chophouse

You love the best-in-town view. You crave the delicious cuisine. You appreciate the impeccable service. And now you know why, for the fourth consecutive year, Mercury Chophouse has earned an Editors' Choice award.

In less than half a decade, Mercury Chophouse has gained a reputation around town (and around all of North Texas, for that matter) as the place to meet for a business lunch or for a dinner to celebrate a special occasion.

Because of its vast reserve of fine wines and cocktails and the small-plate selections, Mercury Chophouse has drawn in the happy hour crowd, as well.

Add it all up, and the sum is, literally, an award-winning restaurant.

Dining Experience

Piccolo Mondo

Piccolo Mondo has landed a spot on our Editor's Choice roster for a variety of reasons. But here's the one that matters most: Owner Antonio Capaccioli knows Italian cuisine - and how to present it to customers in a virtually perfect way.

Capaccioli says the popular eatery is simply what he would look for in a fine dining experience - if he were to venture to the homeland. That means great food, of course, but also attention to details that make venturing to Piccolo Mondo a true dining experience.

"We're more traditional in style," he says. "I traveled a lot when I was younger, and when I found something I liked to eat, I took note. When we opened the restaurant here, we offered things I liked to eat myself."

While that would probably be enough, he and his team also offer alluring ambiance, a popular piano bar and a banquet room that is perfect for big groups.

International Cuisine

Prince Lebanese Grill

While the food at Prince Lebanese Grill is on a par with that at any eatery anywhere, there's another element that has earned the restaurant a place on our Editors' Choice roster.

Prince is an Arlington institution in practically every sense of the word. From the time its founder, the late Francis "Prince" Kobty, first opened the doors the eatery has been founded on three principals: great food, unmatched service, a commitment to making sure the community Prince Lebanese Grill serves feels like it is part of his extended family.

The restaurant is now managed by his immediate family: his wife Amira, his son Aziz and his daughter Elizabeth. Collectively, they continue to deliver greatness on all the original fronts.

And, just recently, they kept the Prince spirit alive by selecting, in conjunction with the Travel & Sports Legacy Foundation, the initial winner of the Francis Kobty Hospitality Scholarship (see page 14).

Burger

J. Gilligan's Bar & Grill

When a restaurant has been around for more than four decades, it's a given that it is considered one of the city's premier destinations for culinary and social pleasures. Well ...

J. Gilligan's Bar & Grill can make both claims, in addition to one more: It's a "no brainer" multi-time selection to our Editors' Choice roster.

We love J. Gilligan's burgers (and everything else on the menu). And we'd also like to note that the food and service are great, and there's always a game or several on the televisions scattered inside and out on the patio, so you can cheer for your favorite team alongside friends.

J. Gilligan's is the ideal venue for a casual lunch or dinner date, as well as party headquarters for gatherings that include reunions, birthdays, charity functions, political events, holiday parties, youth sports clubs, wedding events, business lunches and meetings and the proverbial "more."

MaryLou's

MaryLou's has been a staple on our Readers' Choice All Star team, and now it is making its debut on our Readers' Choice roster.

Located in the heart of Downtown Historic Mansfield on Broad Street between Walnut Creek and Main Street, the restaurant and coffee shop operates out of the J.H. Harrison historic home built in 1915. MaryLou's offers a unique experience and ambiance not found in new construction buildings.

Guests can enjoy the comfort of the indoor seating spaces or sit outside on the shaded, wrap-around porch and take in the peaceful atmosphere while having breakfast, lunch and/or a cup of their specialty coffees with house-made syrups. MaryLou's uses the freshest ingredients to prepare your meal and family recipes for their chicken salad, tuna salad, pimento cheese and homemade desserts.

Attorney

Jim Ross

Arlington Mayor Jim Ross, founder of the acclaimed firm, Jim Ross Law Group, PC, has another accolade to add to his list of accomplishments: He's an Editor's Choice winner for the third straight year.

The former Marine, Arlington policeman and Drug Enforcement Agency (DEA) task force officer heads a general practice litigation firm that handles cases involving personal injury, family law, civil and business litigation, criminal defense and probate matters. The firm operates on the philosophy that all people deserve representation.

"It's the Texas way and part of the American spirit," Ross says.

Ross' professional experience has quite a story behind it. Notably, he partnered with famed environmental activist Erin Brockovich to prosecute various environmental cases throughout the country.

In 2007, he left the big firm life to pursue his own practice. With a focus on litigation, Ross decided not to limit his practice to a particular area but to provide a firm that can handle a variety of his clients' legal matters.

Those clients have responded in-kind and have been the driving force behind the significant growth of the firm.

"It's often said that 'no man is above the law.' In America, that's the truth," Ross says. "At our law firm, we represent people from many situations and walks of life."

Ross says straight talk is the foundation of his practice. "Sometimes this isn't easy to do, and the news isn't always good," he says. "However, we firmly believe that our clients deserve the truth and to have unyielding support from a tough legal team that delivers on its promises."

Attorney-Divorce

Stephanie A. Foster

Stephanie Foster has earned her second consecutive Editors' Choice award in the Attorney-Divorce category.

We have long been impressed with Foster's compassion and persistence while dealing with one of the more important legal decisions a person can make: divorce.

Foster is a strong litigator who effectively articulates and argues for her clients' interests in contested divorce cases. But her main priority is finding solutions that are beneficial to the family as a whole.

Foster believes the collaborative process is a powerful way to generate creative solutions in family law disputes while minimizing financial and emotional damage to families facing divorce. And we applaud her for that.

Attorney-
Personal Injury

Roger 'Rocky' Walton

Acolades of this type - of many types, actually - are nothing new to Rocky Walton, an icon in local legal circles. The founder of the Law Firm of Roger "Rocky" Walton has been serving the Arlington community since 1975 and is a consistent selection to the *Arlington Today* Readers' Choice All Star team.

In 1987 Walton's firm began handling nothing but personal injury and wrongful death claims. In 1994, after a lot of hard work, Walton was able to become certified as to special competence in the area of Personal Injury Trial Law by the Texas Board of Legal Specialization. Fewer than 3% of Texas lawyers are board certified specialists in that area of law. Rocky has been re-certified every five years.

Antiques

C&W Antiques

Even in months that don't begin with the letter "D" C&W Antique's Grand Prairie showroom is a veritable Santa's workshop for grownups.

But Co-proprietors Patrick Walsh and Jim Carpenter really rev up the festive atmosphere during this time of year. As a result, we've chosen this special holiday season to honor this special vendor.

For those keeping track of the Editors' Choice honorees at home, we've made it a Christmas tradition, of sorts, to tip our hats to this unique retail mecca.

When it comes to antiques, C&W Antiques is in a class by itself in this region. Its showroom features unique, rare and interesting furniture and accessories not found at most stores stateside.

Carpenter and Walsh routinely create an inviting ambiance with fragrant Market candles, music and vignettes of old-world rooms that stimulate the senses and inspire clients eager not only to visit but to return.

C&W Antiques specializes in 17th, 18th and 19th century English and French furniture. It also has an exquisite collection of original fine art by Italian, French, Russian, English and U.S. artists, and its Faberge Collection is the largest in the state of Texas and perhaps the world.

Gifts

Anything Goes

Whether it is recognition as an *Arlington Today* Readers' Choice All Star or as an Editors' Choice, Anything Goes always seems to find a place of prominence when award season comes around.

That has been the case since 2012, when Mary Davis' dream of creating an eclectic gift shop became a reality as the doors first opened at 2504 W. Park Row in Pantego.

Over the past decade, Anything Goes has grown from 1,200 square feet to almost 4,000 square feet of retail space that features products that meet the needs of customers of all ages. "I work hard to find our customers new products so they have the diversity in the gifts that they're giving, and there's always something new and fresh for them on the shelves," Mary says.

We wholeheartedly agree.

Shopping Experience

Gracie Lane

For the third straight year, we suggest that when you set out on a search for the ideal shopping experience you be sure to enter "Gracie Lane" into your GPS device.

In a nutshell, it is the "go to" destination in Arlington for items both fun and functional.

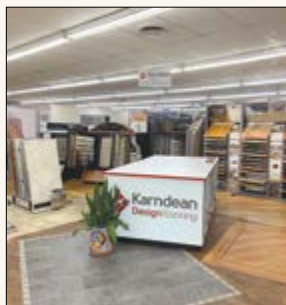

Since opening in 2014, Gracie Lane has rapidly become recognized as the Arlington area's premier destination for clothing, jewelry, home decor, gifts and more. Manager Mary Macken says the real key to Gracie Lane's success, though, is the relationships she and the Gracie Lane team of friendly, enthusiastic staffers build: "I believe our philosophy of treating every person that walks through our doors as a family member really resonates with our customers."

She'll get no argument here. In fact, she'll get a nice plaque noting the greatness of her company.

Audiologist

Kos/Danchak Audiology & Hearing Aids

An Editor's Choice winner for the third year in a row, Kos/Danchak Audiology & Hearing Aids has been virtually unmatched in achieving its honorable mission of "helping people hear better" - for more than three and a half decades.

"There are not many audiology practices in the North Texas area that can say they've been helping people hear better for over 35 years," says Dr. Melissa Danchak, owner of the practice. "We believe that the hearing health care experience is about making folks feel confident in their decision to address their hearing health care needs first and foremost. We believe our patients feel confident in the services we provide - they know we are walking with them on their journey to better hearing!"

Dr. Danchak began working at Kos/Danchak Audiology in 1997 and purchased the practice five years later. Her 25 years of experience helping those with hearing challenges in the Arlington and surrounding communities underscore her passion for providing unparalleled care and service for her patients, which is on full display with the hundreds of online reviews they have been sharing for years.

"We try to learn, every day. We evaluate how we help people, and we try to make the hearing health care experience better for the people that we meet with each day," Dr. Danchak says. "Our goal is for each person to have a better experience with us every time they visit. The fact that we have thousands of patients that have been trusting us with their hearing needs for 10 and 15 years tells us that we are doing a good job of providing a positive experience for our patients."

Hospital

Methodist Mansfield Medical Center

Methodist Mansfield Medical Center, a 262-bed acute care hospital, has been proud to serve the community for more than 15 years while it continues to expand to meet patients' needs.

Here are just a few of the hospital's recent enhancements: Methodist Mansfield achieved Magnet® recognition for the second time with 12 exemplary findings. This is the highest distinction bestowed by the American Nurses Credentialing Center to healthcare organizations for nursing excellence and high-quality patient care.

The hospital is also designated a Level III Trauma Center, Level III Neonatal Facility, and a Level III Maternal Facility with sub-specialty perinatal care, signifying our proficiency in managing high-risk births.

Additionally, the hospital collaborated with Texas Tech University Health Sciences Center School of Nursing to open the first Texas Tech University System satellite campus in Tarrant County at the hospital. The first class of nurses will graduate in December. The school offers a BS in nursing to help mitigate the critical nursing shortage in North Texas.

Moreover, we are also thankful to the Arlington Tomorrow Foundation for helping nursing students gain access to high-quality education, real life clinical training and career development opportunities in our community. Methodist Mansfield is also home to The Breast Center, which offers a beautiful, tranquil office with a fellowship trained breast radiologist, advanced breast imaging technology services, women's health services, and bone density scans, all under one roof.

The hospital is set to finish out the fifth floor in patient Tower B and is planning further expansion after the New Year.

Spa, Brunch

The Sanford House

As was the case in Readers' Choice balloting a few months ago, when The Sanford House earned All Star status in multiple categories, our editorial voters hold the local treasure in high esteem. That's why we tabbed it for recognition as both our favorite day spa and the best place for brunch.

The gold standard for personal pampering, Spa at The Sanford House features an extensive menu of services for both men and women. Within a 2,600-square-foot structure, the spa has seven treatment rooms for massages, facials, body wraps, microdermabrasion, waxing, and hand and foot treatments.

Meanwhile, Restaurant506 at The Sanford House's brunch has earned multiple awards - and a large and loyal following, largely because of its delicious weekend brunches.

General Manager Valerie Landry proudly notes that the family-owned-and-operated inn has been a staple in Arlington for more than two and a half decades. Since Landry came on board in 2008, she has worked with her mother and The Sanford House owner, Joan Bergstrom, to create "House Hosted" events that attract even more visitors.

This year the management team at The Sanford House celebrated its 25th anniversary by performing 25 acts of kindness for the Greater Arlington community throughout the year.

Hotel

Live! by Loews-Arlington

It's not difficult to understand why Live! by Loews-Arlington has found a spot on our Editors' Choice roster. After all, it's nestled among the Dallas Cowboys' AT&T Stadium, the Texas Rangers' Globe Life Field, and the Esports Stadium & Expo Center, putting its guests at the center of the city's Entertainment District.

But there's plenty more to love. For starters, there's the expansive lobby that is a veritable work of art - and which just happens to open a path leading to its next-door neighbor, Texas Live!, where entertainment options constantly beckon hotel guests.

Speaking of the guests, they rave about getting to kick back and relax beside the stunning terrace pool - that is, when they're not taking refuge in the bar with remarkable views of AT&T Stadium. In addition, Live! by Loews-Arlington has a long list of services and amenities designed to elevate every stay, including in-room dining, a business center, and a 24-hour fitness center.
